

Furqaan Afzal Is A Former Academic Research Fellow In Artificial Intelligence

Myth Of The 10X Engineer at SXSW 2025

Neuromorphic Computing Talk at a local Austin AI Research Group

Furqaan's goal is to educate more people about engineering and Artificial Intelligence amidst the Vibe Coding era, which is why he invites you to join his Discord community, where you can ask him any questions about engineering, AI, and even quantitative investing. He has a regular streaming schedule for Fall.
